Komatsu Forklift

Komatsu Forklift Training Barrie - Komatsu Forklift U.S.A. Inc., an affiliate of the Komatsu Ltd. family, has an affirmative reputation for building rugged and reliable forklifts. They are renowned globally as a corporation who has a proud heritage and who maintains a standard of excellence in equipment manufacturing and design.

Komatsu Forklift U.S.A., Inc., a branch of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their image of a better tomorrow. Komatsu's legacy began back in 1921, in Japan, when Komatsu Ltd started operations as a maker of construction and mining equipment. Very soon the business grew into an industry leader and was responsible for building Japan’s first modern bull dozer and farm tractor.

Over the past couple decades, Komatsu has developed to become a global giant due to their stability and expertise within the various fields of logistics, excavating, construction and mining. Using innovative designs and technological superiority, they remain at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded immensely. Using their first-class production capabilities and modern design methods, Komatsu has become renowned to build the kind of rugged and dependable forklift that clients across the globe have come to rely upon. In 1976, Komatsu Forklift U.S.A., Inc was established to satisfy the increasing need for its goods in the North American market. To better expenditures and efficiencies, a state-of-the-art plant was built in Covington, Georgia in 1990, to consolidate all U.S. Komatsu Forklift product support and production operations.

Komatsu Forklift U.S.A. continues to satisfy the requirements and demands of their consumers globally while remaining a principal manufacturer and dealer of progressive forklifts and lift truck accessories. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu’s happy clients along with their North American consumers.

After many years of establishing and maintaining quality customer service rapport with clients, Komatsu Forklift understands that satisfying the requirements of the customer is vital. Komatsu begins all new initiatives and product developments with the customer's input. By welcoming input and opinions, they are able to determine customer wants and expectations then develop revolutionary models and then build to exceed Komatsu Engineering Standards. Assuring consumers that quality is premeditated from the beginning and sustained through the production, service and product sales processes, allows Komatsu to end up with a first-class product from start to finish.

Komatsu engineers are specialized experts in crafting lift trucks, construction equipment and heavy duty equipment. Their design skill and competence assures that every new piece of equipment will persist in the toughest environments and have the capacity to withstand the roughest applications. Adherence to stringent engineering standards permits Komatsu Forklift to meet ISO 9001 standards. Computer aided design and stringent internal quality standards all contribute to high-class forklift products. Komatsu Engineering Standards translate the current and progressive expertise used in advanced mining and construction equipment into world class equipment.

The state-of-the-art plant in Covington, Georgia has all the necessary requirements for full scale production. This plant can take unprocessed steel and manipulate it by preparing, welding, and fashioning it. Once assembled and painted the forklifts are ready to leave the plant and enter the market. Maintaining quality control throughout the duration of the production process, assures customers that the quality is built into Komatsu’s products from the very beginning.

Komatsu believes that a product is only as valuable as the individuals who support it and sell it, their sellers make all the difference. Komatsu Forklift boasts an outstanding network of company sellers and independent dealers who are working hard to outdo expectations.
