Crane Training Schools Barrie

Crane Training Schools Barrie - Our different Mobile Crane Operation programs are intended for experienced operators who requires certification or re-certification, and for inexperienced individuals who are searching for their first job as an operator of a crane. Business demand for certified crane operators is high throughout the country. Crane operator positions are in demand because of their high pay. Crane operators are among the highest paid of whatever heavy machinery operator.

Our Crane Training Schools include training and instruction for a wide variety of mobile cranes. Course content consists of Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Signaling, Load Charts and Rigging.

The program is most suitable for crane riggers, operators and their supervisors. The materials incorporated in the course would consist of a guidebook and lots of informative handouts. The illustrated safety guidebook consists of 100 to 250 pages, that depends on the course, of vital and useful material. Course materials include load exercises and load charts for the crane with which the person training is working.

Over half of the course comprises Hands-On Safety Training. Practical training is helpful for developing and increasing personnel skills levels. Just experienced journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of practice in the industry.

Optional testing mechanisms are offered for all of our courses. Students will usually write tests both before and after training. A test for skills is generally administered for programs that comprise H.O.S.T. Individuals training will be graded and tested.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Testing & Certification; and In-The-Seat Training.
